

VERMONT INTERFAITH POWER AND LIGHT IS SEEKING BOARD MEMBERS

Vermont Interfaith Power & Light (VTIPL) works to help members of Vermont's faith and spiritual communities understand that the climate crisis demands recognition that Earth is a precious gift: global climate change is a moral challenge; global climate change is disrupting the natural balance; we live our faith through our actions; and there is no peace without a planet. Vermont Interfaith Power & Light helps take action in their houses of worship, homes, and workplaces to conserve energy, use it efficiently, and increase the use of renewable energy.

A prospective member of the Board understands and supports that statement and is ready to join us, adding their specific talents and energy to the task ahead. A candidate should:

- Belong to a faith or spiritual community,
- Understand faith's connection to Earth stewardship,
- Demonstrate experience in engaging faith and spiritual communities in saving energy and in moving Vermont forward to a just and sustainable future,

And we are particularly interested in candidates who:

- Have knowledge of and/or in depth familiarity with climate science and associated policy,
- Have direct knowledge or an interest in energy technology,
- Are comfortable with online communication technology and social media platforms,
- Are experienced with accounting principles and Quick-Books,
- Have experience in or willingness to fund raise.

Responsibilities:

- During this pandemic, the Board meets once a month via Zoom, and may meet more often when needed,
- Board members take an active role in designing and implementing outreach programs that engage faith and spiritual communities in the legislative process,
- We interact with members of the legislature, state government, and Vermont NGO's to advocate for VTIPL priorities,
- We work together to raise funds to support our priorities.
