

Vermont Interfaith Power & Light
A faith-based response to global warming

Green Mountains, Blue Water

Please Support VTipl This Summer!

Summer is here and we hope you are staying cool and marveling in the blooms and beauties of the living world that are everywhere this season.

As a small non-profit, our summer fundraising appeal helps see us through the second half of the year. We are well on the way to meeting our summer goal, but **we still need your help.**

This summer and fall, **your support directly funds our operations and programming**, including: our "Building Hope for the Earth" event in Brattleboro, launching a new Green Team fellowship program, hosting webinars on greening worship communities, running our quarterly book club, administering our Climate Action Grants program, keeping you

informed on the upcoming election this fall, and more!

Thank you for supporting us in our mission to empower and inspire Vermonters and their communities of faith to act, advocate, and care for our sacred Earth.

We truly could not do this work without you.

With deep gratitude,

The VTIPL Team
